### **2007 Pharmacist Compensation Survey**

**DES MOINES (April 15, 2008)** The 2007 Pharmacy Compensation Survey was commissioned by the Iowa Pharmacy Association for IPA members last year and has been released to the membership.

The study's objective is to report the compensation of pharmacists in Iowa during 2007. A randomly selected sample of 600 Iowa pharmacists were sent surveys that asked about 2007 working status, practice setting, position, hours worked, compensation, and pharmacist demographic variables. Pharmacists were asked to respond regarding their primary employment situation. Data were collected from November to December 2007 and the 2007 report was created from the returned data.

IPA members may log into the [Web site](#) to view the report. Non-members have the option of purchasing it on IPA's Web site at [www.iarx.org](http://www.iarx.org).

*The Iowa Pharmacy Association is the state professional society of pharmacists, united for the purpose of advancing public health, particularly the pharmaceutical care of all Iowans.*
