# BOWL OF HYGEIA

**Robert (Bob) Stessman, RPh**

*Manning, IA*

The 2022 Bowl of Hygeia recipient, presented during IPA's 2022 Annual Meeting in Cedar Rapids, is a generous civic and servant leader, continuously inspiring others to get involved in their communities. From sponsoring little league events to helping plant flower beds along the highway, Robert "Bob" Stessman is always eager to volunteer and get his hands dirty. The countless hours and years Stessman has contributed to the town of Manning, Iowa, in addition to the twenty-six nomination letters submitted, make him beyond deserving of this prestigious award.

Bob Stessman earned his BS Pharm from Drake University in 1983. For over thirty years, Stessman owned and operated Manning Pharmacy, Inc., providing care and services to the communities of Templeton, Halbur, Irwin, Manilla, Audubon, Elk Horn, Arcadia, Westside and Vail. In 2021, Stessman sold the pharmacy to another owner who is committed to keeping an independent pharmacy in Manning. Since selling the pharmacy, Stessman is "looking for the next challenge."

Throughout his career, Stessman has been active in many professional organizations, including the American Pharmacists Association (APhA), American Society of Health-System Pharmacists (ASHP), National Community Pharmacists Association (NCPA), Southwest Iowa Pharmacists Association (SIPA), and Iowa Pharmacy Association (IPA). He has served on various committees and held numerous positions within IPA, including Speaker of the House of Delegates, Treasurer, and President from 2009-2010.

For decades, Stessman has been an "unsung hero" in his community. He has volunteered with the Chamber of Commerce, Planning and Zoning Commission, Rotary, Relay for Life, Knights of Columbus, local food pantry, school district, and countless other organizations. Stessman is known for staying at church long after everyone else has left to wash dishes, "for hours" if needed.

According to his nominators, Bob Stessman's "larger than life" persona and "generous actions make him hard to miss." His charitableness is seen through time, talent and treasure, leaving a lasting legacy on his community and profession.

## ABOUT THE AWARD

One of the most prestigious awards in the pharmacy profession, the Bowl of Hygeia recognizes a pharmacist who has demonstrated a sustained commitment to community service. The award is part of a national awards program co-sponsored by the National Alliance of State Pharmacy Associations (NASPA) and the American Pharmacists Association (APhA) with one recipient chosen from each state every year. Iowa's recipient is chosen by a committee of civic leaders from across the state, and the selection is unknown until the evening of the IPA Awards Banquet.

William “Bill” Drilling is a 1985 graduate of the University of Iowa College of Pharmacy. Following graduation, Drilling joined his father and brother at Drilling Morningside Pharmacy as a staff pharmacist. He and his brother, Don, purchased the pharmacy from their parents in January of 1986. Drilling has served as President and PIC of Drilling Pharmacy since 1996.

Bill Drilling’s endless contributions to the pharmacy profession and association make him well deserving of this award. To name a few, Drilling is a passionate student pharmacist mentor, serving as a preceptor for the University of Iowa, Drake, Creighton and South Dakota State. In 2019, he was recognized for his efforts with the University of Iowa’s IPPE Preceptor Excellence Award.

In addition, Drilling donated a study room at the University of Iowa and served on the new college of pharmacy’s building committee.

Drilling is a longtime, active member of IPA, serving as an IPA Delegate, Champion Advocate, and member of the Legislative and Public Affairs Policy Committees. He gives generously to the association, specifically to legislative and Foundation initiatives. Drilling has worked collaboratively with IPA on many grants and projects, including the 1815 Project.

In his community, Drilling received the Siouxland Star Award from the Chamber of Commerce in 2010. He has been asked to serve as the Morningside Days Parade Marshall twice. During the COVID-19 pandemic, Drilling Pharmacy provided over 20,000 vaccinations to Siouxlanders. He is supported in his endeavors by his wife, Sharon, his daughter, Sarah Sorensen and husband Eric, and his daughter, Lindsey and fiancé Jacob Strom.

## ABOUT THE AWARD

The Robert G. Gibbs Distinguished Pharmacist Award recognizes an Iowa pharmacist for outstanding contributions to the pharmacy profession and the Iowa Pharmacy Association (IPA). This award was established in 1979 in honor of IPA’s past Executive Officer, Robert G. Gibbs, who served the association from 1959-1979 and is the highest recognition given to a pharmacist by IPA. In years when the award is presented, a \$500 scholarship grant is awarded to an Iowa-based college of pharmacy.

# THOMAS R. TEMPLE MENTORSHIP AWARD

CoraLynn Trewet, MS, PharmD, BCPS, CDE

Ankeny, IA

## PAST RECIPIENTS

2022 Thomas R. Temple

This year's award recipient learned the ropes of mentorship directly from the pharmacist in which the award is named. CoraLynn Trewet began her journey with IPA in 2001 as the Executive Intern. Here, she was mentored by CEO Emeritus Tom Temple, his amazing staff and many IPA members. A graduate of Drake University, Dr. Trewet was mentored by Renae Chesnut, Darrel Bjornson and several other impactful faculty members. She completed a Pharmacy Management Residency and Masters in Pharmacy Administration from the University of Kansas while mentored by Harold Godwin.

For several years, Dr. Trewet worked at the University of Iowa as an Associate Clinical Professor practicing in family medicine. In this role, she mentored countless students and loved watching them grow and succeed. Currently, Dr. Trewet serves as the Senior Medical Science Liaison in cardiovascular disease at Bristol Myers Squibb.

According to her nominators, Dr. Trewet's mentorship is "invaluable" to her mentees' personal and professional growth. She is "invested" in the students she mentors, pushing them to be confident in their knowledge and abilities. Dr. Trewet never turns down an opportunity to provide guidance to future practitioners. As one nominator put it, "She always has time for YOU."

Dr. Trewet is active in state and national pharmacy organizations, as well as her church and community. Dr. Trewet lives in Ankeny with her husband, Matt, and three children, Carter (and Hope), Cate and Charlie. She hopes to inspire her mentees as much as they inspire her—and as much as she has been inspired over the years.

## ABOUT THE AWARD

The Thomas R. Temple Mentorship Award recognizes an individual who has mentored, supported and sponsored pharmacists in a transformative way. The pharmacist for whom the award is named, Tom Temple, inspired and mentored through his career as CEO for the Iowa Pharmacy Association (1979-2011) and beyond. Those who Tom mentored understood the magnitude of his wisdom, leadership and vision, which he effortlessly combined with humility and kindness to always elevate the success of others.

Betty Grinde earned her Bachelor of Pharmacy degree from the University of Iowa. She began her career in Iowa Falls, working for Star Drug/Peoples Drug for eleven years. After a year of relief work around Central Iowa, Grinde joined NuCara Pharmacy in Story City as a staff pharmacist, and later as Pharmacist in Charge (PIC). In 2021, Grinde was recognized for her thirty years of service to patients in Story City. She retired from full-time work in 2022.

Betty Grinde exemplifies the role of the Honorary President in her sustained commitment to pharmacy practice in Iowa, as well as her commitment to her community. Grinde served on the board of Loaves and Fishes Food Pantry for over twenty years, in addition to many years on the boards of the Bertha Bartlett Public Library Foundation and Riverside Lutheran Bible Camp. She has also donated more than 120 handmade quilts to various charities.

Since her retirement, Grinde and her husband, Clark, have been traveling, biking and decluttering. Grinde is relishing the ordination of her daughter, Emma, as a Lutheran Pastor and the upcoming marriage of her son, John, and his fiancée, Ash.

Grinde has previously served on the IPA Policy Committees on Public and Professional Affairs and continues to stay active in the IPA House of Delegates. IPA thanks Betty Grinde for her leadership as the 2022-2023 Honorary President!

## ABOUT THE AWARD

The Honorary President is selected each year to recognize a pharmacist's lengthy and sustained commitment to the Iowa Pharmacy Association (IPA) and the pharmacy profession in Iowa. The Honorary President is selected by the IPA House of Delegates and serves as a voting member of the IPA Board of Trustees for one year before receiving this special recognition at the Annual Awards Banquet.

Rob Nichols lives and practices in Waterloo at Greenwood Pharmacy and Compounding Center. He is currently the Director of Clinical Operations and residency site preceptor. Originally from Ottumwa, Nichols earned his bachelor's degree in Business Management from Wartburg College. He began his pharmacy journey as a technician at Meyer Pharmacy and has been an IPA member since 2009. In 2017, Nichols received his Doctor of Pharmacy degree from the University of Iowa. He then completed a PGY1 Community-based Pharmacy Residency with the University of Iowa at Greenwood Pharmacy and Compounding Center. Nichols is also board-certified in Pharmacotherapy.

As an active member of IPA, Nichols has served on the Legislative Advisory Committee, Policy Committee on Public Affairs, Advisory Committee on Medicaid and Pharmacy Benefit Programs, Pharmacy Technician Advisory Committee, and IPA Board of Trustees. In his community, Nichols was elected in 2021 to serve a 4-year term as At-Large City Councilman for the City of Waterloo. He also serves as Chair of the Commission on Tobacco Use Prevention and Control for the State of Iowa. As one nominator put it, Nichols "is a shining example of a pharmacist entrenched in his community both at the pharmacy and in his free time." Colleagues recognize his passion for the patients he cares for and the community he serves.

Nichols and his wife, Bryndee, have two children, Arie (5) and Alijah (2). When not at the pharmacy or city hall, Nichols enjoys playing league volleyball and spending time with friends and family.

## ABOUT THE AWARD

The Distinguished Young Pharmacist of the Year Award recognizes a pharmacist within their first ten years of practice for their involvement and dedication to the pharmacy profession. The award was created in 1987 to encourage young pharmacists' participation in association and community activities and is part of a national awards program cosponsored by Pharmacists Mutual and state associations.

Ben Miskle is a Clinical Pharmacy Specialist at the University of Iowa Hospitals and Clinics (UIHC) and a Clinical Assistant Professor at the University of Iowa College of Pharmacy. He completed a PGY1 and PGY2 psychiatric pharmacy residency at the Chillicothe Veterans Affairs Medical Center in Ohio after earning his Doctor of Pharmacy from the University of Missouri-Kansas City in 2018.

Dr. Miskle has published many articles on addiction treatment services, including substance use and stigma in pregnancy, older adult first-time admissions for substance use disorders, and cannabis use disorder treatment, to name a few. His innovation in pharmacy practice is evident, as Dr. Miskle helped start the Naloxone in Iowa Schools project. Working with the Iowa Department of Public Health (IDPH), he created content and policies to assist schools across the state in overdose and naloxone education. Dr. Miskle's peers recognize his dedication to this work through the presentations and outreach he conducts with Iowa schools. As of January 2023, he has worked with seven school districts in their entirety, with one district involving twenty-two individual schools.

One nominator referred to Dr. Miskle's work as the "most commendable," noting that his involvement in the Naloxone in Iowa Schools project is voluntary and not an expectation of his practice. Nominators praise Dr. Miskle's unique leadership and innovation.

Ben Miskle and his wife, Alycia, welcomed a baby girl in 2022.

## ABOUT THE AWARD

The Excellence in Innovation Award recognizes pharmacists who have demonstrated significant innovation in their respective practices. The award was developed by the National Alliance of State Pharmacy Associations (NASPA) and is funded by Upsher-Smith Laboratories, Inc.

Lisa Lambi is a Clinical Pharmacist at St. Luke's Hospital in Cedar Rapids. After graduating from the University of Iowa in 2002, she completed a PGY1 pharmacy residency at Saint Luke's Hospital of Kansas City and worked briefly at Trinity Hospital in Rock Island before joining St. Luke's eighteen years ago.

Some of Dr. Lambi's accomplishments include developing an inpatient penicillin skin testing program, creating several collaborative practice agreements, and publishing in the area of antimicrobial stewardship. During the pandemic, Dr. Lambi served as the study coordinator for convalescent plasma, which provided treatment to over 75 patients. In addition, Dr. Lambi co-chairs St. Luke's Antimicrobial Stewardship Committee, while also serving on the Vaccine Oversight Committee and several other local committees.

Dr. Lambi's nominators commend her dedication and excellence as a preceptor. In addition to mentoring many student pharmacists on their acute care and hospital rotations, she developed an antimicrobial stewardship elective APPE experience and an internship for the University of Iowa College of Public Health. Dr. Lambi was also a strong advocate for St. Luke's new PGY1 residency program.

Colleagues see Dr. Lambi as a "role model in terms of her resilience and attitude as a health-system pharmacist." Dr. Lambi is an active IPA member, serving most recently on the Public Affairs Policy Committee. Outside of work, she enjoys cooking, golfing, and spending time with her husband, Chad, their two daughters, Paige and Ella, and their black Labrador, Izzy.

## ABOUT THE AWARD

The Health-System Pharmacist of the Year Award is a national awards program that recognizes a health-system pharmacist who demonstrates service to the pharmacy profession, specifically hospital pharmacy; contributions to pharmacy programs; cooperation with the entire healthcare team; and service to the community.

Story County Medical Center is an innovator in patient care, serving a vital role in helping vaccinate Central Iowa communities during the COVID-19 pandemic. In the spring of 2021, Story County Medical Center donated staff time from EMTs, nurses, physicians, nurse practitioners, PAs and administration to conduct more than a dozen vaccine clinics throughout Story County. Story Medical greatly assisted community pharmacies at this time, as pharmacies were receiving pallets of hundreds of COVID-19 vaccines without the manpower to distribute them.

Hosting one of the first mass vaccination clinics in the state, Story County Medical Center's model was replicated by the health department for future clinics in the county.

In addition to efforts throughout the pandemic, Story County Medical Center works cooperatively with area pharmacies on PCM cases, collaborative practice, vaccination protocols, and other clinical initiatives. This work brings Iowa healthcare providers together and allows Iowa pharmacists to provide enhanced care and services for their patients.

Story County Medical Center has been a trusted provider of high quality, local healthcare to the residents of Story County for more than 70 years. Story Medical is a 17 bed federally designated Critical Access Hospital, offering a complete spectrum of services from primary physician clinics to acute inpatient hospital care and nursing home care. All services are designed to provide the care you need with the individual, personal attention you deserve.

### ABOUT THE AWARD

The Patient Care Partner Award is presented to a physician, medical practice, clinic or other healthcare provider who has developed a patient care program that works cooperatively with patients and pharmacists to optimize care. With an emphasis on collaboration, the award recognizes an innovative and creative practice that demonstrates an enhanced level of care and brings healthcare providers together to better serve their patients.

# KARBELING LEADERSHIP

**Nirjan Bhattarai**

*Drake University*

---

Nirjan Bhattarai is a P3 student at Drake University College of Pharmacy and Health Sciences pursuing a dual degree with a Masters of Health Informatics and Data Analytics (MS HIA). At Drake, Bhattarai is heavily involved in various professional organizations. He previously served as President of the Student National Pharmaceutical Association (SNPhA) and is currently serving as the Operation Immunization Chair. Bhattarai is also the IPA Liaison for the Drake Pharmacy (Rx) Unified Group of Students (DRxUGs). He has been involved in multiple faculty research projects and served as a teaching assistant for three different pharmacy classes.

Bhattarai's nominators recognize his passion for the profession as well as political advocacy, as he completed a Legislative Internship with Representative John Forbes in 2023. Bhattarai says he wants to be "actively involved in the process of doing the hard work," both clinically and legislatively. Outside of pharmacy school, he enjoys reading and cheering for the Arsenal Football Club.

**Sidney Vancil**

*The University of Iowa*

Sidney Vancil is a P3 student at the University of Iowa College of Pharmacy. Originally from Perry, Vancil completed two years of undergraduate studies at the University of Iowa prior to starting pharmacy school. Within the college, Vancil has served as President of the Student Leadership Council and is actively involved in the Pediatric Pharmacy Association, National Community Oncology Dispensing Association, Pharmacy Leadership Society, Rho Chi Honor Society, Pharmacy Student

Ambassador Network, Graduate and Professional Student Government, as well as other professional organizations and committees. Through these leadership roles, Vancil's nominators commend her work in promoting mental health and well-being across the university. Her advisors recognize her balance of "academics, work, and a service leadership mindset."

Within IPA, Vancil has served on the Board of Trustees, House of Delegates, and Student Advisory Committee. After graduation, she plans to pursue a residency in acute care and hopes to one day be a pediatric pharmacist.

Cathy and Tom Temple met through mutual friends while she was attending Simpson College in Indianola. After a short courtship, they married in 1974. For many years, Cathy worked as a preschool teacher. IPA members have known Cathy since her husband, Tom, was hired to lead the Iowa Pharmacy Association (IPA) as Chief Executive Officer in 1977.

Cathy Temple has devotedly supported IPA for 40+ years, attending every IPA Annual Meeting since 1977, except in 1981 when their first son, Brad, was born. She was a member of the IPA Auxiliary from 1977 to its disbandment and also served as President. Many IPA members and their spouses know Cathy as a close personal friend. The many visits, notes, and support that Cathy has received from IPA members since Tom's diagnosis with glioblastoma is difficult to quantify.

It is also difficult to quantify the impact and importance of Cathy's unwavering support of Tom's career. IPA's growth as a leading pharmacy organization is attributable to the leadership of its members and executive staff, including Tom. This unwavering support from a spouse and family is undeniably essential for an executive officer to provide their leadership to IPA.

Together, Cathy and Tom have two adult children, Brad (*Right*, Daughter-in-Law Ashley and Granddaughter Tori) and Eric (*Left*, Daughter-in-Law Lindsay and Grandson Leyton). Cathy's 40+ years of unwavering support of Tom—and the Iowa Pharmacy Association—is sincerely appreciated.

IPA presents its 2023 Corporate Appreciation Award to Janssen Pharmaceuticals, Inc. Over the last ten years, IPA has had a strong partnership with representatives from Janssen Pharmaceuticals, who continue to be champions for pharmacy practice in Iowa. IPA has worked closely with Edward Saidat, Senior Key Account Manager, and Teresa Stori, Director of Health Policy & Advocacy, of the Janssen team, who always offer friendly faces to IPA members and often call IPA their favorite “pharmacy family.”

Janssen Pharmaceuticals goes above and beyond to support the mission of the Iowa Pharmacy Association in improving the health of our communities. They are deeply committed to understanding the needs of pharmacists in Iowa, whether it be providing educational resources, hosting programming, or extending connections to others in their network. Their ongoing engagement at IPA events, such as PharmaCE Expo, Annual Meeting and Pharmacist Day on the Hill, is integral in learning more about the work of our members and their professional needs and goals. In working with IPA's Policy Committee on Professional Affairs, they continuously center pharmacy professionals and their patients in discussions and seek to align their work with the work of the association.

Janssen aspires to transform lives by bringing life-saving and life-changing solutions to people who need them. They are committed to providing safe and effective medicines, as well as the services and support that contribute to healthy outcomes. Thank you, Janssen Pharmaceuticals, for your support of IPA and the pharmacy profession!

## ABOUT THE AWARD

The Iowa Pharmacy Association (IPA) Appreciation Award was created in 1988 to recognize individuals and corporations for their support of organized pharmacy in the state of Iowa.

Shannon Hahn was born in Waterloo, raised in the very small town of Stout, and graduated from Dike-New Hartford High School. Following graduation, she attended Hawkeye Community College, majoring in portrait photography and photojournalism. After owning her own photography studio, Precious Memories, she moved away from photography and worked in several different roles.

While working for a non-profit organization in Ames, she came across a job posting at NuCara Pharmacy in Nevada. In March of 2010, Hahn started at NuCara, which was conveniently located one block from her home and close to the schools her children were attending. As the Assistant Pharmacy Manager and Certified Pharmacy Technician at NuCara, Hahn enjoys the people she works with and the patients she serves. In addition to her day-to-day duties, she has fitted diabetic shoes, performed diabetic checks on patients, and most recently begun administering immunizations.

Hahn's nominators praise her dedication and ownership of her work, as she is known for going above and beyond. Colleagues recognize how deeply she cares for her patients, taking "immense pride in helping them." As one nominator put it, "Since there is not a 'Technician of the Decade' award, 'Technician of the Year' will have to suffice!" Hahn continues to reside in Nevada with her husband, Justin, two children, Abby and Zakk, two huskies, Ruby and Loki, and a pomsky, Mya.

## ABOUT THE AWARD

The Pharmacy Technician of the Year Award recognizes a pharmacy technician in Iowa who has demonstrated outstanding involvement in the Iowa Pharmacy Association (IPA) and enthusiasm for the pharmacy profession in Iowa.

## A Pharmacist-Created Guideline for Opioid Prescribing at Hospital Discharge Following Acute Traumatic Injury

Darla Eastman, PharmD, BCPS; Anna Laire, PharmD Candidate '23; Shannon Dicken, PharmD Candidate '24

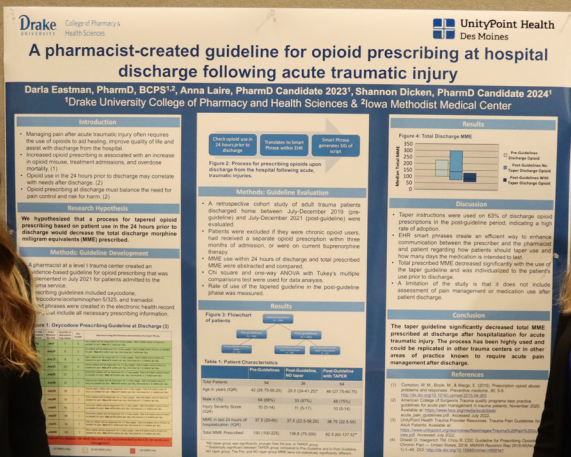

**OBJECTIVES:** Patients hospitalized with acute traumatic injuries often have significant acute pain. Managing pain helps aid healing, improve quality of life, and assist with discharge from the hospital but may require the use of opioids. The risks associated with opioid use may be minimized through education, communication, and individualized analgesic plans that utilize the minimum effective dose for the shortest duration necessary.

**METHODS:** A pharmacist at a level I trauma center created an evidence-based guideline for opioid prescribing at discharge for trauma patients requiring opioids for analgesia. Specifically, the guideline aims to educate prescribers on morphine milligram equivalents (MME) for prescriptions and limit discharge prescriptions to the lowest MME and day supply necessary to treat each individual patients' pain safely and effectively. The prescription instructions communicate a schedule for tapering down the opioid to the dispensing pharmacist and patient. Quick phrases were developed within the electronic medical record that allow the prescriber to easily

follow the guideline and include the directions for tapering within each prescription. A retrospective chart review of trauma patients who were discharged home prior to implementation and in the six-month period following guideline implementation was completed to evaluate utilization of the guideline and impact on total discharge MME.

**RESULTS:** The guideline has been adopted by the trauma department and all surgery residents have been instructed to utilize the guideline when discharging trauma patients from the hospital. In the first six months of implementation, the guideline was utilized 62.7% of the time and resulted in a 40.6% decrease in total discharge opioid MME compared with patients whose opioid prescription did not utilize the guideline ( $p < 0.0001$ ).

**CONCLUSION:** We have created a process to aid education and communication among prescribers, pharmacists, and patients that simplifies opioid prescribing that is aligned with existing best practice guidelines. This process could be replicated in other trauma centers or in other areas of practice known to require acute pain management.
